TITLE: ORDER, AMEND CHAPTER 31 OF THE CHARTER, CODES AND ORDINANCES OF THE CITY OF BREWER, ENTITLED “ENVIRONMENTAL ORDINANCE”, TO REMOVE APPENDIX A FROM THE ORDINANCE.

Filed August 5, 2024
By Dani O’Halloran

WHEREAS, the City of Brewer is a Municipal Separate Stormwater Sewer System (MS4) community, and has obligations to further protect the environment and handle stormwater differently than non-MS4 communities, and

WHEREAS, the City often enters into maintenance agreements with landowners whose property has private stormwater infrastructure that is either tied into or effects the City and its stormwater system; and

WHEREAS, that maintenance agreement is Appendix A in Chapter 31 of the Charter, Codes and Ordinances of the City of Brewer; and

WHEREAS, from time-to-time individual properties require special considerations or changes to the language found in the agreement to better provide for the protection of the environment, to enforce the maintenance of the infrastructure, or to protect the City’s interests.

NOW, THEREFORE, BE IT ORDERED, that the stormwater maintenance agreement found in Appendix A of Chapter 31 of the City of Brewer ordinances be removed from Chapter 31 and referenced as a requirement, but kept on file as a maintenance agreement with the Department of Environmental Services.

Statement of Fact: The maintenance agreement found in appendix A of Chapter 31 of the Brewer Ordinances is an important tool to help ensure the City’s compliance with State and Federal regulations, as well as ensure that in the event the landowner fails to maintain the infrastructure, the City has a mechanism to do so. By referencing the Appendix, it is still a requirement for landowners in areas subject to MS4 requirements, but any changes or special conditions can be easily added without having to change the ordinance every time.
