WHEREAS, the City of Brewer and Frost Septic have had a working relationship for many years; and

WHEREAS, both the City and Frost Septic wish to continue this relationship for future years; and

**Statement of Fact:** Frost Septic is the single biggest user of the Water Pollution Control Facility besides City residents. Frost currently has a contracted delivery amount of at least 2,000,000-gallons a year which they regularly exceed, and Frost Septic very often gives the City priority during wet weather and emergency situations because of our existing contracted relationship. This new contract maintains the minimum 2,000,000-gallon-a-year delivery, and has built-in fee increases for 2025 and 2028. The City has received \$162,762 from Frost Septic this fiscal year.

WHEREAS, the City and Frost Septic have agreed upon all of the terms and conditions of a contract to allow Frost Septic to dispose of the Wastewater and Grease it collects at the City's Wastewater Treatment Facility, as set forth herein.

NOW, THEREFORE, in consideration of the mutual promises of the parties contained herein, and other good and valuable consideration each to the other paid, receipt of which hereby is acknowledged, the City and Frost Septic agree as follows:

4. <u>**Renewal**</u>. (2) During the second contract term - July 1, 2028- to June 30, 2030: 6.50¢per gallon or \$65.00 per 1000 gallons. This rate will stay in effect for the July 1, 2025 to June 30, 2028 term of this agreement.

(3) During each renewal term, a negotiated rate established by agreement between Frost Septic and the City or the rate established by the City Council for the processing of Wastewater accepted at the City's Wastewater Treatment Facility for other haulers, whichever is less.

#### (B) Grease Disposal Fees

When disposing of grease, the Grease and Wastewater shall be mixed by Frost Septic on a 50-50 ratio prior to being delivered to the City's Wastewater Treatment Facility and shall be billed 50% at the rate established by the City Council, from time to time, for the disposal of Grease and 50% for the rate of disposal of Wastewater, as set forth above. The current rate for Grease is \$100.00 per 1,000 gallons. The City shall provide Frost Septic a sixty (60) day notice of any Grease disposal fee increase.

#### TITLE: ORDER, AUTHORIZE PURCHASE OF ROCK SALT.

Filed June 3, 2025 By Dani O'Halloran

WHEREAS, a joint bid was solicited, received and evaluated for the purchase and delivery of rock salt during Fiscal Year 2025 to the Cities of Brewer and Bangor; and

WHEREAS, New England Salt Company of Bangor, Maine offered the lowest price per ton on acceptable material of the bids received; and

WHEREAS, New England Salt Company has offered to extend the current contract under the same terms and conditions for an additional year to the two communities.

NOW, THEREFORE, BE IT ORDERED, that the Brewer City Manager, or his designee, is authorized to sign a purchase order to New England Salt Company in the amount of \$151,000 for supply and delivery of rock salt at \$66.45 per ton for the Fiscal Year 2026 winter season; and

BE IT FURTHER ORDERED, that funds for this purchase shall be charged to the Public Works account 0116671-502530, entitled "Rock Salt"; and

BE IT FURTHER ORDERED, that the City Council of the City of Brewer herewith exercises its authority under Section 404 of the City's Purchasing Ordinance, Chapter 36 of the Charter Codes and Ordinances of the City of Brewer for this purchase.

**Statement of Fact:** The City's price per ton last season, through New England Salt Company, was one of the lowest in the State (even several dollars per ton lower than the Department of Transportation). Most rock salt is imported into the United States from Canada and Chile; with an unstable political climate, and the possibility of forthcoming tariffs, it is prudent to lock-in last year's low price for the upcoming season.

BE IT FURTHER RESOLVED, that \$19,568,618 be appropriated for the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and that \$5,554,152 be raised as the municipality's contribution to the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act in accordance with the Maine Revised Statutes, Title 20-A, M.R.S.A. Section \$15688; and

*Explanation:* The school administrative unit's contribution to the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by state law to be the minimum amount that a municipality must raise in order to receive the full amount of state dollars.

Explanation: The additional local funds are those locally raised funds over and above the school administrative unit's local contribution to the total cost of funding public education from prekindergarten to grade 12 as described in the Essential Programs and Services Funding Act and local amounts raised for the annual payment on non-state funded debt service that will help achieve the (municipality/district) budget for educational programs.

BE IT FURTHER RESOLVED, that the school committee be authorized to expend \$29,556,013 for the fiscal year beginning July 1, 2025 and ending June 30, 2026 from the municipality's contribution to the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act, non-state-funded school construction projects, additional local funds for school purposes under the Maine Revised Statutes, Title 20-A, section \$15690, unexpended balances, tuition receipts, state subsidy and other receipts for the support of schools; and
