

NOTICE TO CONTRACTORS

Bids are requested for providing and installing an HDPE solid wall liner pipe and associated grout for a culvert slipline project in the City of Brewer.

An existing 54" x 38" metal arch pipe is approaching failure on South Brewer Drive between house #19 and #26. The City of Brewer is looking for a Contractor to supply and install a new 48.5" x 34" ovalized HDPE solid wall liner pipe. The Contractor will also be responsible for grouting in the liner pipe. The City of Brewer Public Works crew will be doing the clearing work and other work in preparation for the sliplining. They will also be assisting with pushing the pipe into the existing culvert, as needed, installing all necessary riprap, and making all channel adjustments. The Contractor will be responsible for clean up of their associated materials and waste products for their portion of the project.

Timing of this project will need to be coordinated with the City Public Works Director after the contract is awarded and must be completed before October 17, 2025. Contract award is expected by or around August 12, 2025.

Interested bidders may obtain bid information and specifications for the project by contacting Brewer Engineering Department at (207) 989-8430. For consideration, the attached bid form must be sealed in an envelope, distinctly marked, "2025 South Brewer Drive Culvert Slipline Project" and must be received at the Office of Jeremy Caron, Brewer Engineering Dept., 221 Green Point Road, Brewer, ME by 11:00 AM, Monday July 14, 2025. Any bids received after the date and time specified will not be allowed. All bid questions must be received by "three days prior to bid", all questions received after that time will not be answered.

The City of Brewer, Maine holds the exclusive right to reject or accept all or part of any or all bids received.
